

North Central College School of
Professional and Graduate Studies presents:

The 3rd Annual
Patient Advocacy Symposium:

Raising the Bar for Healthcare Safety

Early bird tickets on sale now — only \$75!
Save \$25 until July 15th!

Healthcare Professionals – Gain insight into the emerging field of Patient Advocacy

Public is Welcome – Learn about coordinating expert healthcare, legal rights and living options for a loved one. Become informed, empowered and ready to advocate!

KEYNOTE SPEAKER:

Dr. William Rhoades, Chief Medical Officer and geriatrician at Advocate Lutheran General Hospital, will present “How Healthy is Health Care?”, an examination of the “New” US Healthcare System: fractionated care, teamwork issues, communications/miscommunication, and computers. He will discuss ways that patient advocates can help improve communication within the system and improve population health across the continuum of care.

For industry professionals: breakfast, lunch, and 6 CEU credits available

Breakout Sessions and Panels Feature Many Healthcare Experts:

Brandon Peck, Esq

“Advanced Directives and Ethical Considerations around Cognitive Impairment”

Kate Curler, Esq

“Nursing Homes: Placement, Contracts, and the Money Game”

Dr. Tim Morris

“Patient Advocacy, Ethics, and U.S. Healthcare Reform”

Eric Parker, JD

“Medicaid 101: Everything You Need to Know but Were Afraid to Ask”

Pete Miska

“All about Access: Medicare Changes to Home Health 2018 and Beyond”

Michael Stuart, Esq

“How to Make Sure you Outlive Your Resources and Preserve Your Legacy”
